**Examiner's Amendment/Comment**

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02. The oath or declaration is defective because: it does not provide the identity of the application listed on the second page of the oath at the fifth line on the page.

Furthermore, that unidentified document is referred to on the first page of the specification at the fourth line on the page, in an apparent attempt to claim priority. That claim for priority is likewise defective.
